

1999 Citroen Xsara X

£1695.00

I am selling this car on behalf of my old boss. He purchased his daughter a new car for her 21st birthday and has asked me to sell this car for them. It is a cracking little car it is, fun to drive and inexpensive not only to purchase but also to run, tax, insure and even maintain. Making it ideal as a first car for someone, a low cost second car for a growing family or even an economical commuter car, the possibilities are endless.

Supplied new by 'Penton Citroen' in Salisbury Wiltshire, possibly as a demonstrator before passing onto its second owner when it was just over a year old. Remaining in the local area it was most recently supplied by 'Wyatt Citroen' of Hamworthy Dorset to its current owner. The Xsara has covered just 65,000 miles in its 9 year life, this is complemented by a full and extensive service history with 8 stamps, 6 at Citroen main dealers and the last 2 by the current owner. The current owner's father is a

retired Mechanic who ran his own garage for many years so the Xsara has been extremely well maintained regardless of cost, this is clearly evident by the number of receipts backing up its recent service history. The Xsara was last serviced at 64,919 miles on 07th January 2009 and the cam belt was replaced at 55,883 miles on 02nd July 2007.

Condition wise the Xsara is in exceptionally good condition given its age and mileage as can be seen in the photographs. Externally there are a few very minor dents, blemishes and stone chips, these have all been touched up where possible and they do not detract from the overall look or usability of the car. Internally the upholstery and plastic is in excellent un-marked condition with no rips or tears. Everything is present and correct including the original tool kit, hand books etc. and everything works exactly as it did when it left the factory.

Additional extras include, 75bhp 16v fuel injected four cylinder engine, 5 speed manual gearbox, remote & electric door mirrors, original Citroen radio cassette, remote central door locking with 2 keys & 1 fob, driver's air bag, power steering, immobiliser, folding rear seats; parcel shelf, tailored carpet mats, steering wheel mounted stereo remote controls and seat belt pre-tensioners.

For the full asking price the vehicle will come with a new 12 month M.O.T and a 6 month Silver Plus Warranty (Details available on request). This vehicle is not affected by the emission related tax premiums and will currently cost only £120.00 a year to tax.

Facts and figures

General

Production	1 Oct 1997 -9 Oct 2000	Weight	1030 kg
Length	4167 mm	Fuel Delivery	Multi point fuel injection
