

2000 Ford Mondeo LX Estate

£1695.00

"The best Ford of the early and mid-Nineties, the original Mondeo is still a big favourite with used car buyers with the revised 1996 cars being the best family choice. Roomy, reliable and keenly priced, the Mondeo is still a fine car to own and drive" Need I say more, a practical family car with ample seating for 5 adults, 3x3 point rear seatbelts for 3 rear child seats, capacious load area especially with the rear seats folded flat, perfect for school runs, trips to the tip or even as a work horse.

Supplied new by 'Lawtons of Tadcaster' the Mondeo has covered 129,000 miles in its 10 year life and appears to have always been maintained regardless of cost. This is backed up by some more recent service and M.O.T. history and which included a new clutch, rear anti-roll bar links, front lower suspension arms and front coil springs. The vehicle has just received an intermediate service in our on site work shop which as well as replacement of the

oil & filter, fuel & pollen filters also included the replacement of both front shock absorbers and the rear brake pads. I have also just had a full cam belt kit and auxiliary drive belt fitted at my local independent garage.

Condition wise the Mondeo is in excellent condition given its age and mileage as can be seen in the photographs. Externally there are a few minor blemishes and stone chips, these have all been touched up where possible and they do not detract from the overall look or usability of the car. Internally the cloth upholstery and plastic trim is also in excellent condition with everything present including the full tool kit and hand books and everything seems to work exactly as it did when it left the factory.

Additional extras include, 128bhp fuel injected 16v engine, 5 speed manual gearbox; electric front windows, electric door mirrors, original

Ford radio cassette, air conditioning, remote central locking with 1 keys & 1 fob; driver's air bags, power steering, anti-lock brakes, traction control immobiliser, 60/40 split folding rear seats, carpet mats, cup holders, load cover, front fog lights and roof rails.

For the full asking price the vehicle will come with a new 12 month M.O.T and a 6 month Silver Plus Warranty (details available on request). This vehicle is not affected by the emission related tax premiums and will currently cost only £190.00 a year to tax.

Facts and figures

General

Production	1 Feb 1997 -18 Dec 2000	Weight	1323 kg
