

## 2006 Peugeot 307 Feline

£6995.00

"Winner of the 'European Car of the Year' in 2002 the 307 is larger and taller than the 306 it replaced with much improved safety, a wide choice of engines. Revisions in 2005 consisted of a new front end, revised range structure and perhaps the most notable change a new electrical system which brought improved functionality and addressed previous unreliability issues"

'Feline' is French for 'Cat like' and Peugeot's 307 Feline is a family cat that has a sting in its tail from the company whose "lion goes from strength to strength". Finished in 'aluminium' silver metallic paint work with contrasting red 'cerbere' leather interior, this quite remarkable car is offered for sale at less than half of the original manufacturers recommended retail price when new. But in a condition and with a mileage that makes it essentially just run in, just 8,000 miles! Originally registered as a demonstrator by the supplying dealer I am selling the vehicle on behalf of the current owner who has sadly had to give up driving due to age.

Supplied new by 'George Hartwell Peugeot' of Ferndown, Dorset the 307 has covered just 8,000 miles in its 3 year life and has just had its first service carried out in our on site workshop which also included the replacement of the pollen filter. Prior to being asked to sell the 307 it was taken back to Westover Peugeot (formerly Hartwell's) for its first M.O.T. where it also received a new battery, purely due to lack of use.

Condition wise the 307 is in exceptional, almost as new condition as can be seen in the photographs. Externally there are a few very, very minor blemishes and stone chips, these have all been touched up where possible and they do not detract from the overall look or usability of the car. Internally the leather upholstery and plastic trim is also in exceptional as new condition with everything present and correct including the full tool kit, unused spare wheel, hand books etc. and everything works exactly as it did when it left the factory.

Specification includes, 180 bhp 1997cc 16v Fuel Injected Engine; 5 Speed Manual Gearbox; Electric Front Windows; Electric Heated Folding Door Mirrors; Radio & 6 Disc CD Multi-changer; Climate Control; Remote Central Door Locking; Multiple Air Bags; Power Assisted Steering; Anti-Lock Brakes; Electronic Stability Programme; Cruise Control; 17" Alloy Wheels; Alarm & Immobiliser; Full Leather Upholstery; Tailored Carpet Mats; Trip Computer; Front & Rear Cup Holders; Steering Wheel Mounted Controls; Automatic Wipers & Lights and Front Fog Lights.

The current M.O.T. expires on February 04th 2011, the service intervals are every 12,000 miles or 2 years and for the full asking price the vehicle will also come with a 6 month 'Gold Warranty' (details available on request), 6 months road fund licence.

## Facts and figures

### General

Production	1 Aug 2005 -1 Jun 2006	Weight	1361 kg
Length	4211 mm	Fuel Delivery	Multi point fuel injection
Width	1757 mm	Transmission	Manual
Height	1530 mm	Gears	5 Speed

### Performance

Engine Size	1997 cc	Valves	16
Cylinders	4	Torque	202 Nm 152 lb-ft
0-60 mph	7.9 s	Top Speed	137 mph
Power Output	180 bhp		

### Costs

MPG	33	CO2 Emissions	200 g/km
Insurance Group	14	Road Tax Band	J
Euro Emissions Standard	IV		

### Practicality

Wheelbase	2608 mm	Turning Circle	10 m
Luggage Capacity	341 L	Unbraked Towing Weight	680 kg
Fuel Capacity	60 L	Braked Towing Weight	1000 kg
